I am told this attached fact sheet was edited by Connie Haaser based on discussions she had with Region 6 and this is the fact sheet that will be elevated to OW Management (Pete Silva).

They would like our comments (i'm sure they don't want a repeat of what happened this weekend).

I understand we are to invite the EOC water to the coordinated EU calls and we will but that doesn't happen until tomorrow and I believe they are planning to send this up in the morning.

Sending on...

Dawn Ison
Environmental Scientist
